

On **15 July 1948**, over the recommendation by a committee headed by HN Kunzru, came into existence the **National Cadet Corps**;

An organisation that served as the second line of defense in major wars that followed, an organisation that strived towards spreading awareness and training the youngsters of the country, an organisation which is now the **World's Largest Uniformed Youth Institution**.

Today, **2 MAH ENGR REGT** celebrates the **71st foundation day** of the National Cadet Corps and looks forward to grow more, serve the nation and uphold the glory the organisation has achieved!!
