

Students of NCC IIT Bombay got the golden opportunity to welcome one of the bravest heroes of our nation, **Retired Air Chief Marshall B.S. Dhanoa** during his visit for guest lecture at Convocation hall, IIT Bombay.

It was a magnificent moment for not only NCC but also for IIT Bombay to give him the much deserved honorary welcome in the way of Guard of Honour, a very special drill with rifles that shows respect in the form of a unifying and disciplined procedure, which happens to be the motto of our organisation as well as the prime essence of all the armed forces indeed.

The impeccability of the Guard of Honour team of NCC IIT Bombay was again proven when Retd. Air Chief Marshall himself said that it was one of the best of GoH he has ever seen from NCC cadets.

Earlier too this year during the annual training camp, the GoH team also received praise from the Group Commander Brigadier GS Cheema for their excellent performance.
